3. The Indian Academy of Information Science (INACIS) was established in 1991 at Bangalore with the objectives of acting as a forum for information scientists in the country, providing training programmes on digital libraries, bringing out publications for information dissemination , organizing conferences/seminars etc. It regularly publishes International Journal of Information Science. During the past few years it has organised conferences at New Delhi (2009), Bangalore (2008), Pune (2007) and Chennai (2006). It has membership of various categories-life, ordinary, associate. It has also published several monographs on scientific communication, information retrieval etc. Based on the above information design a web page of INACIS using a frame structure with a left frame (20%) containing links to contracts in the right frame (80%). Use appropriate HTML tags, controls, images, tables and navigational elements. It should contain the following :
- (a) Background colour - Blue
 - (b) Text colour - yellow
 - (c) It should contain an image
 - (d) Layout should be interactive and attractive.
-
