**Dear Learner,**

As we have informed you in the Programme Guide, evaluation at IGNOU consists of two parts: i) continuous evaluation through assignments, and ii) term-end examination. In the final result, assignments will carry 20% weightage, 70% weightage is given for term-end examination, and the Tutorial is given 10% weightage (total 100 marks).

**BPCC 109** is a 6 credits course (4 credits Theory + 2 credits Tutorial). Assignment for BPCC 109 has two parts, Part A & B.

**Part A** consists of Assignment One and Assignment Two. Assignment One has Descriptive Category Questions (DCQs). These are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe your understanding/knowledge about the topic in a systematic, and coherent manner.

Assignment Two has Short Category Questions (SCQs). These questions are meant to improve your skill of recall, in brief, the relevant and precise information about concepts and processes.

**Part B** has a Tutorial component in which you need to complete activities according to the given instructions.

**Before you attempt the assignments, please read the instructions carefully provided in the Programme Guide.** You must write the answers to all the TMA questions in **your own words**. Your answers should be according to the word limit set for a particular section. Remember, writing answers to assignment questions will improve your writing skill and sharpen your understanding of the concepts. It will also help you prepare for the term-end examination.

Please obtain a receipt from the study centre for the assignments submitted and retain it. Also, keep a photocopy of the assignments with you. The Study Centre will return the assignments to you after they are evaluated. The completed assignment should be sent only to the Coordinator of the Study Centre allotted to you.

**Following instructions are to be carefully followed before writing the assignments:**

1. You will find it useful to keep the following points in mind:
  - i. **Planning:** Read the assignments carefully. Go through the Units on which they are based. Make some points regarding each question and then re-arrange these in a logical order.
  - ii. **Organisation:** Read the study material carefully, analyze it, and then prepare a rough outline of your answer. Give adequate attention to your introduction and conclusion. Make sure that your answer:
    - a) is logical and coherent;
    - b) has clear connections between sentences and paragraphs;
    - c) is written correctly giving adequate consideration to your expression, style and presentation
  - iii. **Presentation:** Once you are satisfied with your answers, you can write down the final version for submission. Write each answer neatly with proper spacing, and underline the points you wish to emphasize. Make sure that the answer is around the suggested word limit.
2. Use A4 size ruled paper for your response and tie all the pages carefully. Allow a 4 cm margin on the left and leave some space between each answer. This will facilitate the academic counsellor to write useful comments in the margin at appropriate places.
3. **Answers should be in your handwriting.** Do not print or type the answers. Do not copy your answers from the study material sent to you by the University or from other learners. If you copy the content, you will get zero marks for the respective question.
4. You need to attach a copy of the TMA with the completed assignment before submitting it.
5. In case you have requested for a change of Study Centre, you should submit your Tutor Marked Assignments only to the original Study Centre until the change of Study Centre is notified by the University.
6. If you find that there is any factual error in the evaluation of your assignments, e.g., any portion of assignment response has not been evaluated or the total of the score recorded on assignment response is correct, you should approach the coordinator of your study centre for correction and transmission of correct score to headquarters.

**Wish you all the best!**
