Your chances of passing in Social Work Practicum will depend on the supervisor who shall be guiding you. If you have any difficulty in this regard, please discuss the same with your coordinator at the study centre. You are free to submit the journal to the study centre any time during the six years after completing all components in all respects.

The Evaluation Division will get the journals evaluated twice in a year i.e. along with the Term End Examination theory papers of June and December respectively. In order to prepare a good set of assignment responses, you must first of all read the chapter(s) from which a particular question has been framed.

Discuss with your peer-group and academic counselors or professors who teach you. Prepare a draft, do the necessary correction on it and then, prepare the final version for submission to the Study Centre.

Make sure that each question answer starts on a new page. For long and medium answers, ensure that there is an introduction, sub-titles for main body and a conclusion. One line should be left between each paragraph. Make sure your answers are specific and in your own words and do not copy from books. Your answers will be exclusively based on the IGNOU materials only. Preparation of assignments is preparation for your term end examination. Therefore take the assignments seriously.
