# BACHELOR OF COMPUTER APPLICATIONS (BCA) (REVISED) 

Term-End Practical Examination December, 2013<br>BCSL-021: C Language Programming Lab

00171

Time allowed: 1 hour Maximum Marks : 50

Note: There are two questions in this paper. Answer them all. They carry 40 marks. The rest 10 marks are for viva-voce.

1. Write an interactive $C$ program to find the Greatest Common Divisor (GCD) of two 20 numbers.
2. Write a function cell that will return the length of a character string. You are not 20 allowed to use the "strlen" C library function.

Note: Use "Pointers" concept.
