C++ PROGRAMMING LAB

Time : 1 Hour

Maximum Marks : 50

Note : (i) There is *one* compulsory question of 40 marks in this paper.

(ii) Rest of 10 marks are for viva-voce.

1. Write a C++ program to find the factorial of a given number. Define Factorial class and read_Number() and display_Factorial() methods in Factorial class. Use appropriate access specifiers in your program. Also make provision for exceptions handling in your program. 40
