Read the following poem and answer the questions that follow :

1. A cardboard shows me how it was

When the two girl cousins went paddling,

Each one holding one of my mother's hands

And she the big girl—some twenty years or so.

All three stood still to smile through their hair

At the uncle with the camera. A sweet face,

My mother's, that was before I was born

And the sea, which appears to have changed

less,

Washed their terribly transient feet.

Some twenty-thirty years later

She'd laugh at the snapshot.

“See betty and Dolly”, She'd say and look how

they

“Dressed us for the beach” The sea holiday

Was her past, mine is her daughter

Both wry with the laboured ease of loss.
