BACHELOR OF ARTS

(HONOURS)

ASSIGNMENT JULY 2022- JANUARY 2023

STATISTICAL METHODS FOR PSYCHOLOGICAL RESEARCH- II (BPCC 108)

SCHOOL OF SOCIAL SCIENCES (SOSS)
INDIRA GANDHI NATIONAL OPEN UNIVERSITY
MAIDAN GARHI, NEW DELHI - 110068

Dear Learner,

As we have informed you in the Programme Guide, evaluation at IGNOU consists of two parts: i) continuous evaluation through assignments, and ii) term-end examination. In the final result, assignments of a Course will carry 30% weightage while 70% weightage is given for term-end examination (total 100 marks).

BPCC108 is a 4 + 2 credits course and has two assignments and one tutorial.

Assignment I has Descriptive Category Questions (DCQs). These are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe understanding/knowledge about the topic in a systematic, to-the-point, and coherent manner.

Assignment II has Middle Category Questions (MCQs). These questions require you to first analyse the topic in terms of arguments and explanations and then write the answers in a concise manner. They are meant to test your ability to clearly understand concepts and processes.

Tutorial: The course on Statistical Methods for Psychological Research- II will include tutorial, that is compulsory. It will be in form of activities and evaluated by your academic counsellor. You should carefully read the course material and apply the information while answering the tutorial. These activities are meant to develop your ability to relate your knowledge to day-to day life experiences. The tutorial will be made available to you along with the assignments and they have to be submitted at your study centre.

Before you attempt the assignments, please read the instructions carefully provided in the Programme Guide. It is important that you write the answers to all the TMA questions in **your own words.** Your answers should be according to the word-limit set for a particular section. Remember, writing answers to assignment questions will improve your writing skill and sharpen your understanding of the concepts. It will also help you prepare for the term-end examination.

Submission

Session	Last Date of Submission*	To be Sent		
For July 2021	30 th April 2023	То		
For January 2022	31 st October 2023	The Coordinator of the Study Centre allotted to you		
	(Please check the dates from www.ignou.ac.in)			

* You need to submit the assignments within the stipulated time for being eligible to appear in the term-end examination.

Please obtain a receipt from the study centre for the assignments submitted and retain it. Also keep a photocopy of the assignments with you. The Study Centre will return the assignments to you after they are evaluated. The completed assignment should be sent **only** to the Coordinator of the Study Centre allotted to you.

Following instructions are to be carefully followed before writing the assignments:

- 1. You will find it useful to keep the following points in mind:
 - **i. Planning:** Read the assignments carefully. Go through the Units on which they are based. Make some points regarding each question and then re-arrange these in a logical order.
 - **ii. Organisation:** Read the study material carefully, analyse it, and then prepare a rough outline of your answer. Give adequate attention to your introduction and conclusion. Make sure that your answer:
 - a) is logical and coherent;
 - b) has clear connections between sentences and paragraphs;
 - c) is written correctly giving adequate consideration to your expression, style and presentation
 - **iii. Presentation:** Once you are satisfied with your answers, you can write down the final version for submission. Write each answer neatly with proper spacing, and underline the points you wish to emphasise. Make sure that the answer is around the suggested word limit.
- 2. Use A4 size ruled paper for your response and tie all the pages carefully. Allow a four cm margin on the left and leave some space between each answer. This will facilitate the evaluator to write useful comments in the margin at appropriate places.
- 3. *Answers should be in your own handwriting.* Do not print or type the answers. Do not copy your answers from the study material sent to you by the University or from other learners. If you copy, you will get zero marks for the respective question.
- 4. You need to attach a copy of the TMA with the completed assignment before submitting it.
- 5. In case you have requested for a change of Study Centre, you should submit your Tutor Marked Assignments only to the original Study Centre until the change of Study Centre is notified by the University.
- 6. If you find that there is any factual error in evaluation of your assignments, e.g., any portion of assignment response has not been evaluated or total of score recorded on assignment response is incorrect, you should approach the coordinator of your study center for correction and transmission of correct score to headquarters.

Wish you all the best!

Discipline of Psychology SOSS, IGNOU, New Delhi

STATISTICAL METHODS FOR PSYCHOLOGICAL RESEARCH- II (BPCC 108)

Tutor Marked Assignments (TMA)

Course Code: BPCC 108

Assignment Code: Asst /TMA /July 2022- January 2023

Total Marks: 100

NOTE: All assignments are compulsory.

Instructions:

- 1. Have a title page. Include details like Name, Enrolment number, Email id, Regional Centre, Study Centre, Programme Title and code, Course title and code and Tutorial code.
- 2. Use A4 size paper for the tutorial (ruled/bank).
- 3. For making tables, blank pages can be used and tables/ graphs (if any) to be drawn in pencil.
- 4. Content should not be plagiarised.

Part A Assignment One

Answer the following questions in about 500 words each (wherever applicable). Each question carries 20 marks.

 $2 \times 20 = 40$

- 1. Describe the assumptions of parametric and non-parametric statistics.
- 2. Compute One Way ANOVA for the following data:

	Scores obtained on Self Concept Scale									
Group 1	4	5	6	4	3	2	1	5	4	3
Group 2	5	4	3	2	6	7	3	5	7	5
Group 3	7	6	3	3	3	4	3	4	5	6
Group 4	6	7	4	6	7	3	7	2	3	4

Assignment Two

Answer the following questions in about 100 words each (wherever applicable). Each question carries 5 marks.

$$6 \times 5 = 30$$

- 3. Elucidate factorial designs with the help of suitable examples.
- 4. Explain the fundamental concepts in determining the significance of the difference between means.
- 5. Compute Chi-square for the following data:

	Responces					
Gender	Yes	No				
Male	5	10				
Female	15	10				

6. Compute Mann Whitney U for the following data:

		Scores obtained on Job Satisfaction Scale								
Group 1	1	4	6	3	5	3	5	6	3	4
Group 2	4	5	6	3	5	3	4	1	2	3

- 7. Explain the procedure for computation of correlation using Microsoft Excel.
- 8. Explain, data view, variable view and output view of SPSS.

PART B

TUTORIAL

Course Code: BPCC 108

Tutorial Code: Tutorial /July 2022- January 2023

Tutorial Marks: 30

Note: You need to complete the activity as instructed. All the activities are compulsory.

Instructions:

1. Have a title page. Include details like Name, Enrolment number, Email id, Regional Centre,

Study Centre, Programme Title and code, Course title and code and Tutorial code.

2. Use A4 size paper for the tutorial (ruled/bank).

3. For making tables, blank pages can be used and tables/ graphs (if any) to be drawn in pencil.

4. Content should not be plagiarised.

5. Tutorial should be handwritten.

Activity 1: Collect data from 10 (5 males and 5 females) public sector employees and 10 (5 males

and 5 females) private sector employees on their total years of experience. Compute two way

ANOVA to find if there is an interactional effect of type of sector (public or private) and gender

(male or female) on total years of experience. Ensure that you tabulate the raw data and show the

calculations with the help of formulae discussed in the course material of BPCC108.

15 Marks

Activity 2: Take any one block from BPCC108 and write a review of the same in about 1000

words. The review needs to be in your own words and should cover the important aspects of the

block.

15 Marks

ALL THE BEST
