Dear Learner,

In this programme the evaluation at IGNOU consists of two parts: i) continuous evaluation through assignments and ii) term-end examination. In the final result, course assignments carry 30% weightage while 70% weightage is given for term-end examination.

**Section A** has Descriptive Category Questions (MCQs). These are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe your understanding/knowledge about the topic systematically, to the point, and coherently.

**Section B** has Middle Category Questions (MCQs). These questions require you first to analyse the topic in terms of arguments and explanations and then write the answers concisely. They are meant to test your ability to distinguish, compare and contrast, or clear understanding of the concepts and processes.

**Section C** has Short Category Questions (MCQs). These questions are meant to improve your skill of recall, in brief, the relevant/precise information about persons, writing, events, or clear understanding of concepts and processes.

Before you attempt the assignments, please read the instructions carefully. You must write the answers to all the TMA questions in your own words. Your answers should be within the approximate range of the word limit set for a particular section. Remember, writing answers to assignment questions will improve your writing skills and prepare you for the term-end examination.

**Submission of the completed assignments:**

- 1) **Planning:** Read the assignments carefully, go through the Units on which they are based. Make some points regarding each question and then rearrange them in a logical order.
- 2) **Organisation:** Be a little selective and analytic before drawing up a rough outline of your answer. Give adequate attention to your introduction and conclusion.  
  
Make sure that your answer:
  - a) is logical and coherent;
  - b) has clear connections between sentences and paragraphs, and
  - c) is written correctly, giving adequate consideration to your expression, style and presentation.
- 3) **Presentation:** Once you are satisfied with your answer, you can write down the final version for submission, writing each answer neatly and underlining the points you wish to emphasize. Make sure that the answer is within the stipulated word limit.

We expect you to answer each question as per guidelines for each category as mentioned in the assignment. You will find it useful to keep the following points in mind:

**We wish you all the best! Happy Learning!**
