

ASSIGNMENT M.A. French (MAFL) –YR 2

COURSE MFL 010

Session Jan. 2024 & July 2024.

Devoir / Assignment

RESEARCH METHODOLOGY – II

MM 100

From the following attempt Any Two questions –

1. Research Methodology is fundamental to understanding the scientific approach in a certain domain of study. In language studies, the approach used is different and underlined by a distinctly unique methodology. Define and describe it. How do you distinguish it from general research?
(700--800 words).
2. Write a note on use of technology in research. Explain how this is important in determining learner analytics and development of instructional design. (700--800 words)
3. Contemporary practices in education emphasize greatly on Open Education Resources and free access. Write a brief essay on Creative Commons Licencing and the role OERs play in enhancing research and knowledge creation. (700-- 800 words).
