

ASSIGNMENT BOOKLET

**Master of Science (Environmental Science)
(MSCENV)**

**Assignments
January 2025 to July 2026 Sessions
(Valid from Jan 2025 to December
2026)
Second Semester**

**Tutor Marked Assignments (TMA) for
MEV 014; MEV 015; MEV 016**

**School of Inter-disciplinary and
Trans-disciplinary Studies
Indira Gandhi National Open University Maidan
Garhi, New Delhi-110068**

Dear Learner,

Welcome to the Programme M.Sc. (Environmental Science)!

You are required to submit one assignment for each Course of the M.Sc. (Environmental Science). Each assignment is a Tutor Marked Assignment (TMA) and carries 100 marks. Each assignment covers the entire course. Answer any five questions in each assignment. All questions carry equal marks. This TMA is concerned mainly with assessing your application and understanding of the course material. Please ensure that you read all the units of the course. It is important that you should write the answers to all the questions in your own words. You should remember that writing answers to assignment questions will improve your writing skills and prepare you for the term-end examination.

This booklet includes assignments for the following courses:

MEV 014: Sustainable Natural Resource Management

MEV 015: Environmental pollution, Control and Management

MEV 016: Environmental Impact Assessment

It is compulsory to submit the assignments within the stipulated time to be eligible for appearing the term-end examination. The assignments constitute the continuous component of the evaluation process and have 30% weightage in the final grading. Before you write the assignments, first go through the course material and then prepare the assignments carefully by following the instructions pertaining to assignments. Your responses should not be a verbatim reproduction of the textual materials provided for self-learning purposes but it should be in your own words.

If you have any doubt or problem pertaining to the course material and assignments, contact the Programme Coordinator or concerned programme in-charge or Academic Counsellor at your Study Centre for clarification. Once you are able to do the assignment satisfactorily, you will be ready to take the Term-end exam with confidence.

If you still have problems, do feel free to contact us at School of Interdisciplinary and Transdisciplinary Studies.

Wishing you all the best to complete the programme successfully.

Programme Coordinators

Prof. Shachi Shah, sshah@ignou.ac.in

Dr. V. Venkat Ramanan, vvramanan@ignou.ac.in

Dr. Deeksha Dave, deekshadave@ignou.ac.in

INSTRUCTIONS

Before attempting the assignment, please read the following instructions carefully:

1. Read the detailed instructions about the assignment given in the Programme Guide.
2. Write your Enrolment Number, Name, Full Address and Date on the top right corner of the first page of your response sheet(s).
3. Write the Course Title, Assignment Number and the Name of the Study Centre you are attached to, in the centre of the first page of your response sheet(s).
4. Read the instructions related to assignments given in the programme guide.
5. Please note that unless you submit the assignments contained in this booklet within the stipulated time, you would not be permitted to appear for the term-end examination.
6. The top of the first page of your response sheet should be like the following:

NAME:

ENROLLMENT NO.:

CYCLE OF ADMISSION:

PROGRAMME CODE:

ASSIGNMENT CODE:

COURSE CODE:

COURSE TITLE:

ADDRESS:

CONTACT NUMBER:

DATE OF SUBMISSION:

GUIDELINES FOR TMAs

You will find it useful to keep the following points in mind:

- **Planning:** Read the questions carefully. Go through the points on which they are based. Make some points regarding each question and then rearrange these in a logical order. And please write the answers in your own words. Do not reproduce passages from the units.
- **Organisation:** Be a little more selective and analytic before drawing up a rough outline of your answer. In an essay-type question, give adequate attention to your introduction and conclusion. The introduction must offer your brief interpretation of the question and how you propose to develop it. The conclusion must summarize your response to the question. In the course of your answer, you may like to make references to other texts or books as this will add some depth to your analysis.

Note the following points before you start writing the assignments:

1. Use only A4 paper size for your assignment and tag all the pages carefully.
2. Write the relevant question number with each answer.
3. You should write the answer in your own handwriting.

Make sure that your answer:

- (a) is logical and coherent;
- (b) has clear connections between sentences and paragraphs;
- (c) is written correctly giving adequate consideration to your expression, style and presentation;
- (d) Does not exceed the number of words indicated in the question.

Submission: The completed assignment should be sent to the Coordinator of the Study Centre allotted to you. Please read the instructions given in your Programme Guide. These assignment questions are valid for the **January 2025 to July 2026 session**.

- Keep a copy of the assignment answer sheets with you before submission for future reference.
- Answer each assignment on separate sheet.
- It is preferred to write all assignments neatly in your own handwriting. Write your name, course code, enrolment no. and cycle of admission on all the assignments in bold letters.

- Express your response in your own words. You are advised to restrict your response based on the marks assigned to it. This will also help you to distribute your time in writing or completing your assignments on time.

Remember that you must submit your assignments before you can appear for the Term End Exams. Please remember to keep a copy of your completed assignment, just in case the one you submitted is lost in transit.

Good luck with your work!

MEV 014: SUSTAINABLE NATURAL RESOURCE MANAGEMENT
TUTOR MARKED ASSIGNMENT

Course Code	: MEV-014
Course Title	: Sustainable Natural Resource Management
Assignment Code	: MEV-014/TMA-01/January 2025 to July 2026 session
Coverage	: All Blocks

Maximum Marks 100

5x20=100

Note: This assignment is based on the entire course.

Answer any five questions. All question carries equal marks.

Please write all answers in your own words.

-
1. Describe different feedstock sources for bioenergy production. Discuss the salient features of National Policy on Biofuels.
 2. Explain the steps in resource conservation planning. Discuss the schemes and programmes for natural resource management and sustainable livelihood.
 3. Discuss the reasons for biodiversity loss. Discuss the features of sustainable livestock rearing.
 4. Explain the challenges to inland water fisheries development in India. Explain the issues that affect marine aquatic resources.
 5. Explain the sources, types, advantages and disadvantages of geothermal energy.
 6. Explain the ecological services provided by forest and land resources.
 7. Explain the distribution, characteristics and uses of ferrous and non-ferrous minerals.
 8. Explain the major forest types and their characteristics. Explain the causes and consequences of deforestation.

MEV-015: ENVIRONMENTAL POLLUTION, CONTROL AND MANAGEMENT
TUTOR MARKED ASSIGNMENT

Course Code	: MEV-015
Course Title	: Environmental pollution, Control and Management
Assignment Code	: MEV-015/TMA-01/ January 2025 to July 2026 session
Coverage	: All Blocks

Maximum Marks 100

5x20=100

Note: This assignment is based on the entire course.

Answer any five questions. All question carries equal marks.

Please write all answers in your own words.

-
1. Classify pollutants based on the source, state, polluted area and location with suitable examples. Explain the concept of primary and secondary pollutants. Explain the concept of source-transport receptor approach for pollution management.
 2. Explain the effects of air pollutants on plant and animal health, and materials. Describe the influence of weather parameters on air pollutant dispersion.
 3. Explain the concept of water quality. Explain the influence of various natural processes to determine the water quality. Discuss the effects of the contaminated water on environment.
 4. Write short notes on the following:
 - a. Soil Pollution
 - b. Effects of radioactive pollution
 - c. Thermal pollution
 - d. Noise pollution
 5. Discuss the sources and effects of oil pollution. Explain the strategies to control and manage oil spills with suitable case studies and examples.
 6. Describe the various methods for control of suspended particulates, volatile organic compounds and pollutant gases
 7. Write short notes on the following:

- a. Activated sludge method
- b. Flocculation
- c. Chemical precipitation
- d. Reverse osmosis and electrodialysis

8. Write short notes on the following:

- a. Municipal Waste management
- b. Electronic Waste management
- c. Waste hierarchy
- d. Incineration

MEV-016: ENVIRONMENTAL IMPACT ASSESSMENT

TUTOR MARKED ASSIGNMENT

Course Code	: MEV-016
Course Title	: Environmental Impact Assessment
Assignment Code	: MEV-016/TMA-01/ January 2025 to July 2026 session
Coverage	: All Blocks

Maximum Marks 100

5x20=100

Note: This assignment is based on the entire course.

Answer any five questions. All question carries equal marks.

Please write all answers in your own words.

-
1. Explain the objectives and scope of EIA. Discuss the steps involved in EIA process.
 2. Discuss the various methodologies used in EIA process. Explain the Strategic Environmental Assessment.
 3. Explain the provisions of Environmental Protection Act 1986 and EIA Notification 2006.
 4. Classify industries based on raw materials, source of raw materials, size and ownership. Explain the contributions of capacity building in EIA.
 5. Explain the objectives of environmental setting in EIA. Explain the importance of decision making in EIA process.
 6. Write short notes on the following:
 - a. EIA reporting
 - b. EIA Quality
 - c. EIA review process
 - d. Environmental Management Plan
 7. Discuss the features of Environmental Impact Statement. Explain the concept of EIA governance.
 8. Explain the scope and stages of risk assessment. Explain the human and ecological risk assessment.
