Dear Learner,

Welcome to the Post Graduate Certificate in Climate Change (PGCCC).

As per the laid down guidelines of the University, you need to complete the assignment for each course. Answer any five questions in each assignment. All questions carry equal marks. It is important that you should write the answers to all the questions in your own words. You should remember that writing answers to assignment questions will improve your writing skills and prepare you for the term-end examination.

This booklet includes assignments for the following courses:

**MEV 021: Introduction to Climate Change**

**MEV 022: Impacts of Climate Change**

**MEV 023: Mitigation and Adaptation to Climate Change**

**MEV 024: Climate Change Assessment Tools**

**MEV 025: Climate Change and Society**

You are required to submit the assignments for 3 compulsory courses and one optional course, that you have opted for during admission. It is compulsory to submit the assignments within the stipulated time to be eligible for appearing the term-end examination. You will not be allowed to appear for the term-end examination for a course if you do not submit the assignment for that course within the due date. If you appear in the term-end examination of a course without submitting its assignment, the result of the term-end examination is liable to be cancelled/ withheld.

The assignments constitute the continuous component of the evaluation process and have 30% weightage in the final grading.

Before you write the assignments, first go through the course material and then prepare the assignments carefully by following the instructions pertaining to assignments. Your responses should not be a verbatim reproduction of the textual materials provided for self-learning purposes but it should be in your own words.

If you have any doubt or problem pertaining to the course material and assignments, contact the programme coordinator or concerned programme in-charge or academic counsellor at your study centre. If you still have problems, do feel free to contact us at School of Interdisciplinary and Transdisciplinary Studies.

Wishing you all the best to complete the programme successfully.

For January 2023 cycle: March 31, 2023

## GUIDELINES FOR TMAs

You will find it useful to keep the following points in mind:

1. **Planning:** Read the questions carefully. Go through the points on which they are based. Make some points regarding each question and then rearrange these in a logical order. And please write the answers in your own words. Do not reproduce passages from the units.
2. **Organisation:** Be a little more selective and analytic before drawing up a rough outline of your answer. In an essay-type question, give adequate attention to your introduction and conclusion. The introduction must be a brief interpretation of the question and how you propose to develop it. The conclusion must summarize your response to the question. In the course of your answer to a question, you may like to make references to other texts or books as this will add some depth to your analysis.
3. **Presentation:** Once you are satisfied with your answers, you can write down the final version for submission, writing each answer neatly and underlining the points you wish to emphasize.

**Make sure that your answer:**

- (a) is logical and coherent;
- (b) has clear connections between sentences and paragraphs;
- (c) is written correctly giving adequate consideration to your expression, style and presentation;
- (d) Does not exceed the number of words indicated in the question, if any.
