<b>MSEI - 022</b>	<b>As per SED Notification On IGNOU's website</b>	<b>6</b>
<b>MSEI - 023</b>	<b>As per SED Notification On IGNOU's website</b>	<b>7</b>
<b>MSE - 024</b>	<b>As per SED Notification On IGNOU's website</b>	<b>8</b>
	<b>Semester-II (applicable for those PGDIS learners who got re- registered for 2<sup>nd</sup> semester Jan, 2021 session)</b>	
<b>MSEI - 025</b>	<b>As per SED Notification On IGNOU's website</b>	<b>9</b>
<b>MSEI - 026</b>	<b>As per SED Notification On IGNOU's website</b>	<b>10</b>
<b>MSEI - 027</b>	<b>As per SED Notification On IGNOU's website</b>	<b>11</b>

### **Guidelines regarding submission of assignments**

1. It is compulsory for the students to submit the prescribed assignments. They will not be allowed to appear for the term-end examination of a course if they do not submit the assignments in time for that course.
2. The assignment responses should be complete in all respects. Before submission, the students should ensure that they have answered all the questions in all assignments. Incomplete answer sheets bring poor grades.
3. The University/ Regional Centre have the right to reject the assignments received after the due date. Therefore, the students are advised to submit their assignments before the due date.
4. Students should submit before the last dates prescribed for submission of assignments.
5. In case the students have already done some assignments prescribed in a course, they are required to do the **left-over assignments before taking the Term-end Examination**. If they have qualified in a course on the basis of lesser number of assignments and Term-end Examination, they will **not be eligible to re-do the assignments** with a view to improve the overall qualifying score of that course.
6. In case any student fails to submit the assignments or fails to score minimum qualifying marks, s/he has to wait for fresh assignments meant for the current batch of students.
7. For their own record, students should retain a copy of all the assignment responses, which they submit.
8. Once the students get the pass marks in an assignment, they can not re-submit it for improvement of marks. If the student secured requisite marks in Term-End Examination and Assignments, but did not get requisite overall percentage, then the student can either resubmit the assignment or reappear for the term-end examination for securing the requisite overall percentage.
9. Assignments are not subject to re-evaluation.

### **Instructions for Doing Assignments**

While answering Assignments, the following guidelines are required to be observed:

1. The student should write their Complete correct Enrolment Number, Name, Full Address, Signature and Date on the top right hand corner of the first page of the response sheet.
2. The students should write the Programme Title, Course Code and Course Title on the left hand corner of the first page of their response sheet. Course code may be reproduced from the assignment.

The top of the first page of your response sheet for each assignment should look like this:

---

PROGRAMME TITLE: ..... ENROLMENT No.: .....  
COURSE CODE: ..... NAME : .....  
COURSE TITLE: .....  
ADDRESS:.....  
SIGNATURE: .....  
DATE: .....

---

3. The students should write the responses in their own hand. **They should not print or type the answers. They should not reproduce their answers from the units sent to them by the University. If they reproduce from units, they will get poor marks for the respective question.**
4. The students should write each assignment separately. All the assignments should not be written in continuity.
5. The students should write the question number with each answer.
6. The students should use only foolscap size paper for their response and tie all the pages carefully. Avoid using very thin paper. They should allow a 4 cm. margin on the left and at least 4 lines in between each answer. This may facilitate the evaluator to write useful comments on the margins at appropriate places.
7. The students should not copy from the response sheets of other students. If copying is noticed, the assignments of such students will be rejected, and disciplinary action can be taken against the students as per rules of the University.
8. **Please remember that it is compulsory to send the scanned copies of handwritten assignments through email to the respective Regional Centre email or upload on the link provided on the respective Regional centre's website before you can take the Term End Exams or else you will not be issued hall tickets.**

**Under no circumstances should they be sent to the (SED) for evaluation.**

**Course Code** : **MSEI-021**  
**Course Title** : **Introduction to Information Security**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** Security policy weaknesses can create unforeseen security threats. Elaborate in detail.

**(10 Marks)**

**Question 2:** The process of risk management is an ongoing iterative process. Elaborate in detail.

**(10 Marks)**

**Course Code** : **MSEI-022**  
**Course Title** : **Network Security**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** What are the advantages and disadvantages of asymmetric cryptography?  
**(5 Marks)**

**Question 2:** Biometric security offers a different method of authentication by using something that is far more unique than a password. Do you agree? Explain in detail the process of biometric.  
**(10 Marks)**

**Question 3:** Explain the three basic types of Denial-of-service attack.

**(5 Marks)**

**Course Code** : **MSEI-023**  
**Course Title** : **Cyber Security**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** Throw light on the E-mail related crimes and suggest to prevent such crimes? Does IT Laws in India provide enough solution?

**(10 Marks)**

**Question 2:** What is web architecture? Explain the role of IETF, IAB and IESG in governing Web Architecture.

**(10 Marks)**

**Course Code** : **MSE-024**  
**Course Title** : **Policy, Standards and Laws**  
**Maximum Marks** : **30**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** Explain the distinction between Conventional and Cyber Crime?  
**(10 Marks)**

**Question 2:** Because of its facilitation of privacy, and the diminution of privacy attendant on its prohibition, cryptography is also of considerable interest to civil rights supporters. But there have been a lot of controversial legal issues surrounding cryptography. Please throw light on such legal issues.  
**(10 Marks)**

**Question 3:** Imagine you are working with information security department of your company and you are required to provide suggestions to develop information security policy for your company.  
**(10 Marks)**

**Course Code** : **MSEI-025**  
**Course Title** : **Application and Business Security Developments**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** Software testing is needed to verify and validate that the software that has been built has been built to meet these specifications. Explain the testing techniques.  
**(10 Marks)**

**Question 2:** Explain the concept of design engineering. Write the characteristics of good design process.

**(10 Marks)**

**Course Code** : **MSEI-026**  
**Course Title** : **BCP, DR Planning and Audit**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** What are the goals of Business Resumption Planning? Explain its phases and process?  
**(10 Marks)**

**Question 2:** Risk analysis is an integral part of the planning of a project, not an add-on at the end. One of the prime reasons for doing risk analyses are to identify risks and risk management strategies so the decision-makers can decide how the risks can be managed which could well involve a revision of the project plan. Do you agree? Explain in detail.  
**(10 Marks)**

**Course Code** : **MSEI-027**  
**Course Title** : **Digital Forensics**  
**Maximum Marks** : **20**  
**Last date of Submission** : **As per SED Notification on IGNOU's website**

**There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.**

**Question 1:** Explain the various types of identity theft and data theft  
**(10 Marks)**

**Question 2:** Explain the objectives of digital investigation? What is the importance of such investigation in this cyber world?  
**(10 Marks)**
