

Assignments of PGDPSM – January 2022

Dear Students,

1.

As explained in the programme guide Post Graduate Diploma in Pharmaceutical Sales Management Programme (PGDPSM), you have to do one assignment for each course.

Instructions for Formatting Your Assignments

Before attempting the assignments, please read the following instructions carefully.

format:		
		Enrolment No: Name: Address:
Course Code	:	
Course Title	:	
Study Centre	:	Date:

On top of the first page of each answer sheet, please write the details exactly in the following

PLEASE FOLLOW THE ABOVE FORMAT STRICTLY TO FACILITATE EVALUATION AND TO AVOID DELAY.

- 2. Use **A4-size or equivalent writing paper** of good quality (but not of very thin variety) for writing your answers.
- 3. Leave 3 cm margin on the left, top and bottom of your answer sheet.
- 4. Your answers should be precise, handwritten. They should not be copied from the text material as it is and rather should be written in your own language.
- 5. Answers in the form of photocopy or scanned from any source will **not be accepted**.
- 6. You may also see the videos related to all courses at the following link: http://www.ignou.ac.in/ignou/aboutignou/broadcast/1 You may go to youtube archives and search the video by typing in the desired keyword followed by 'ignousovet' i.e., 'Pharmaceutical Chemistry by ignousovet' will open a video on the said topic.
- 7. The assignments should be submitted at your study centre before the last date mentioned on top of each assignment. In case there is no study centre then submit them at the following address:

Programme Coordinator- PGDPSM Block 15 E, SOVET School of Vocational Education and Training Indira Gandhi National Open University Maidan Garhi, New Delhi 110068. Phone: 011-29571647/2822/1650

OR

You can also email the Assignments to the program coordinator: pgdpsm@ignou.ac.in

It is strongly suggested that you should retain a copy of your assignments to avoid any unforeseen situation.

Wishing you all good luck.

Assignment I Course MVE-001: Introduction to Anatomy, Physiology and Pharmaceutical Chemistry

Course Code: MVE 001 Assignment Code: MEV 001/TMA 2022

Maximum Marks: 100
Last Date: 30th July 2022

Answer all the questions given below.

1.		main features of a muscle tissue? Differentiate between skeletal, cardiac muscle tissues.	(5)
	(b) Describe with	the help of a well labeled diagram the structure of a cell membrane.	(5)
2.	(a) Differentiate	between systolic and diastolic blood pressure.	(5)
	(b) Describe an	y two disorders of the respiratory system.	(5)
3.	(a) Describe th	ne role of Liver and Pancreas in the process of Digestion.	(5)
	(b) Write a sho	rt note on the anterior pituitary gland and its hormones.	(5)
4.	(a) List the thr of vision.	ee main layers of the human eye and explain the physiology	(5)
	(b) Draw the s	tructure of a Kidney and explain the role of a Nephron.	(5)
5.	(a) Describe th	ne process of acute Inflammation.	(5)
	(b) Differentia	te between the terms hypoglycaemia and hyperglycaemia.	(5)
6.	(a) Explain the	term topical agent. Discuss the different types of topical agents briefly.	(5)
	(b) Fill in the f	Following blanks:	(5)
		Buffer is a solution of weak acid and its whose pH change on addition of small amount of acid or base.	
	ii. A	According to Lewis acid is acceptor and according to	
		Bronsted - Lowry base is acceptor.	
	_	bH of a base will be more than	
		bH of Human Blood is	
		Cathartics are the drugs which bring about	
		n paper chromatography, components of the extracts get distributed between two iquid phases- one phase is and other is	,
		A decrease in bone mineral density leads to	
	V 11. I	1 decrease in bone innicial density reads to	

Q. 7. (a		functional group of the following:	(5)
	i.	Phenol	
	ii.	Ether	
	iii.	Ketone	
	iv.	Thiol	
	v.	Ester	
	vi.	Anyhdride	
	vii.	Amine	
	viii.	Acyl halide	
	ix.	Nitrile	
	х.	Amide	
(b)	Give one	example each of the following:	(5)
	i.	E and Z isomers	
	ii.	cis and trans isomers	
	iii.	Chain isomer	
	iv.	Functional Group isomers	
	v.	Enantiomers of 2- butanol.	
8. (a)	Explain the	following terms in 1-2 lines.	(5)
()	i.	Carbohydrate	(-)
	ii.	Oils and Fats	
	iii.	Alkaloids	
	iv.	Fractional crystallization	
	v.	Fractional distillation	
(b)	Give the ac	dvantages and disadvantages of synthetic and natural product drugs.	(5)
9. (a)	What do yo	ou understand by the term SAR? Explain briefly.	(5)
(b)	Write short	t note on Neoplasm.	(5)
10. (a)	What do yo	ou understand by the terms GLP, GMP and GCP? Explain briefly.	(6)
	(b) Describ	e briefly two Quality control tests for Parenterals/Injectable dosage forms.	(4)

Assignment II Course MVE 002: Pharmacology and Toxicology

Course Code: MVE 002

Assignment Code: MEV 002/TMA 2022 Maximum Marks: 100 **Last Date: 30th July 2022**

Answer all the questions given below.

Q.1	Briefly describe the various Sources and Routes of Drug Administration.		
Q.2	Wha	t do you understand by cholinergic and anti-cholinergic agents? How do they work? Discuss the common drugs used as cholinergic agents.	(10)
Q.3	a)	List the various drugs used in arrhythmia and discuss their therapeutic uses.	(5)
	b)	Define and classify Anaemia giving its cause.	(5)
Q.4	a)	Describe the chemical use of potassium sparing diuretics and osmotic diuretics.	(5)
	b)	What are autacoids? List the important autacoids. Briefly discuss action of any two autacoids.	(5)
Q.5		Describe the mechanism and action of the drugs used in the treatment of cough.	(10)
Q.6	Defi	ne and give examples of Preanaesthetic medications. Differentiate between Inhalation and Intravenous anaesthetics, give examples.	(10)
Q.7	a)	What are Quinolones? Describe some important quinolones with their therapeutic uses.	(5)
	b)	Briefly describe antifungal agents.	(5)
Q.8	a)	Discuss the sign and symptoms of methyl alcohol poisoning? What is the treatment for this poisoning?	(5)
	b)	Explain the mechanism of drug antagonism and synergism with examples.	(5)
Q.9	a)	What is the role of Pituitary gland in the body?	(5)
	b)	What are micronutrients? Discuss their therapeutic role.	(5)
Q.10	Write	e short notes on the following:	(10)
	a)	Laxatives	
	b)	Antidiarrhoel agents	

Assignment III Course MVE 003: Pharmaceutics

Course Code: MVE 003 Assignment Code: MEV 003/TMA 2022 Maximum Marks: 100 Last Date: 30th July 2022

Answer all the questions given below. 0.1 What is a dosage? Calculate the dose of a drug for a one year old and an 11 year old child, if the adult dose is 500 mg. (5) b) What are Liquid dosage forms? Give their advantages and disadvantages. (5) (5) Q.2 Explain the following terms in 1-2 lines: a) **Elixirs** i) ii) Enemas iii) Collodions Douches iv) Suppositories v) b) What do you understand by the term Sterilization? Descirbe any one menthod of sterilization. (5) Q.3 a) What are parenterals? Describe its different routes of administration. (5) b) What are the different forms of Ointments? Discuss each of them briefly in your own words. (5) Q.4 a) Describe the various types of gastro-intestinal devices. (5) b) Explain the following terms in 1-2 lines: (5) **CDDS** i) Transdermal ii) iii) Negative Contrast Media Electromagnetic radiation iv) Bioequivalence Q.5 a) Fill in the following blanks: (5) ----- diffusion describes the movement of drug from region of high concentration to lower. ii) -----indicates a measurement of rate and extent of the active drug delivered to general circulation. The diet tends to decrease the acidity of gastric fluid to a pH of about -----------is a measure of drug elimination from body without reference to the mechanism of process. Physical absorption by invagination of cell membrane is known as -----b) What are the pharmaceutical factors which affect on absorption of drugs? Discuss each of them briefly. (5)

Q.6	Give the importance of the following in 3-4 lines only.	(10)
	i) Controlled Trial	
	ii) Nuremberg Code iii) Antioxidants	
	iv) Biopharmaceuticsv) Open Trial	
	v) Open IIIai	
Q.7	a) Fill in the following blanks:	(5)
	i)is defined as a hybrid cell produced by the fusion of an antibody-p	
	lymphocyte with a cell and used to culture continuously a specific antibody.	monoclonal
	ii) molecules can be fragmented by passing their suspension through a	syringe
	needle.	
	iii)enzyme catalyses the formation of phosphodiester bond between ba	se pairs.
	iv) Mabs are immunoglobulins of a single species derived from the cloned	, its
	fused derivatives or transformants.	
	b) What do you understand by monoclonal antibodies? Explain briefly.	(5)
Q.8	Give the uses of the followings	(10)
	i) Sunscreen cream	
	ii) Vitamin cream	
	iii) Hair grooming aids	
	iv) Mouth gargle	
	v) Massage cream	
Q. 9	a) What are Phytochemicals? Explain with suitable examples.	(5)
	b) Discuss ingredients of Nutraceuticals briefly.	(5)
10.	a) Explain the following terms in few lines	(6)
	i) Composition of face powder	
	ii) Composition of aftershave lotion	
	iii) Bifidobacteria	
	b) What are the proposed therapeutic uses of probiotics?	(4)

Assignment IV Course MVE004: Drugs Regulatory Affairs

Course Code: MVE 004

Assignment Code: MEV 004/TMA 2022

Maximum Marks: 100 Last Date: 30th July 2022

SECTION A

Answer all the questions given below.

(5x8 = 40)

- Q1. Give different phases of evolution in Indian Pharmaceutical Industry in tabular form.
- Q2. Enlist the agencies responsible for enforcement of NDPS Act.
- Q3. Define Genetic engineering and microorganisms.
- Q4. What is Education Regulations (ER) and who frames it?
- Q5. Give a brief account of Toxicity studies in a tabular form.
- Q6. Describe approval process of Vaccine.
- Q7. Indicate whether the following statements are True (T) or False (F).
 - i) The first council of PCI was constituted in 1948.
 - ii) Opium crop must be tendered to the central Government at prices fixed by the Government.
 - iii) Heart diseases don't fall under Drugs and magic Remedies Act.
 - iv) Recombinant DNA Safety Guidelines are issued by GEAC.
 - v) The Department of Biotechnology (DBT) comes under Ministry of Fertilizers and chemicals.
- Q8. Give the full form of the following
 - i) CRAMS
 - ii) IPA
 - iii) GEAC
 - iv) IRFA
 - v) CBER

SECTION B

Answer all four Questions. All Question carry equal marks.

(15x4=60)

- Q9. Explain the procedure adopted by NPPA for Price Fixation of Drugs.
- Q10. Give an overview of the governing body of the Indian Council of Medical Research.
- Q11. What are different phases in clinical evaluation of a drug in human beings?
- Q12. Give a brief account of Poisons Act and MTP Act.

Assignment V **Course MVE-005: Introduction to Management**

Course Code: MVE-005

Assignment Code: MEV 005/TMA 2022 Maximum Marks: 100 Last Date: 30th August 2022

(1x5=5)

Answer all the questions given below

Fill in the blanks:

Q1.

i. ii.	is the law of the jungle which is equally applicable to the competitive market place where firms struggle and fight for survival.		
iii.	skills.		
iv.	OC refers to the perceived environment of an organization.		
v.	The techniques used in executive development are and		
Q2.	True or False:		
i.		of manpower supply in the macro forecas	sting
ii.	Management control is usually viewed		
iii. iv.	Power is the ability to exercise influenc Every formal organization has informal		
V.	A manager's effectiveness does not lie		
Q3.	Match the following:		(1x5=5)
i.	Bounded Rationality Model	a. Group Formation	
ii.	The Bottoms up Strategy	b. Increasing Interpersonal Awareness	
iii.	The Johani Window	c. Implementing change	
iv.	Hawthorne Studies	d. Decision -Making	
v.	Balance theory	e. Leadership styles	
Q3.	Write short notes on any two:		(10x2=20)
i.	Goals		
ii.	Decision making under Risk		
iii.	Responsibility of manager towards his	dealers	
Q4.	Differentiate between any two:		(10x2=20)
i.	Perception and Attitude		
ii.	Role and responsibilities of top level and first level managers		
iii.	Formal groups and informal groups		
Q5.	What is Stress? List the causes of Stress and explain any three. (2)		(20)
Q6.	What do you understand by two manpower demand forecasting techniques? Explain any two manpower demand forecasting techniques. (25)		

Assignment VI **Course MVE-006: Sales Management**

Course Code: MVE-006 Assignment Code: MEV 006/TMA 2022

Maximum Marks: 100
Last Date: 30th August 2022

Answer all the questions given below

Q1.	Fill in the blanks:		(1x5=5)
i.		et of marketing tools that the firm uses to pur	sue its marketing
	objectives in the target market.		
ii.		e during the stage.	
iii.		th online product is purchased are,	,
iv.	The sales budget uses the
