

PG DIPLOMA IN INFORMATION SECURITY (PGDIS)

PGDIS/ASSIGN/2015

**ASSIGNMENTS
JULY 2015**

**SCHOOL OF VOCATIONAL EDUCATION AND TRAINING
INDIRA GANDHI NATIONAL OPEN UNIVERSITY
MAIDAN GARHI, NEW DELHI – 110 068**

CONTENTS

Course Code	Submission-Schedule	Page No.
	Semester-1	
MSEI - 021	30th September, 2015	6
MSEI - 022	30th September, 2015	7
MSEI - 023	30th September, 2015	8
MSE - 024	30th September, 2015	9
	Semester-II (applicable for those PGDIS learners who got re-registered for 2nd semester July, 2015 session)	
MSEI - 025	30th September, 2015	10
MSEI - 026	30th September, 2015	11
MSEI - 027	30th September, 2015	12

Guidelines regarding submission of assignments

1. It is compulsory for the students to submit the prescribed assignments. They will not be allowed to appear for the term-end examination of a course if they do not submit the assignments in time for that course.
2. The assignment responses should be complete in all respects. Before submission, the students should ensure that they have answered all the questions in all assignments. Incomplete answer sheets bring poor grades.
3. The University/ Study centre/ Programme Co-ordinator has the right to reject the assignments received after the due date. Therefore, the students are advised to submit their assignments before the due date.
4. Students should enclose a self-addressed stamped assignment remittance-cum-acknowledgement card (**Form No. 1**) with each assignment response to ensure the delivery of assignments before the last dates prescribed for submission of assignments.
5. In case the students have already done some assignments prescribed in a course, they are required to do the **left-over assignments before taking the Term-end Examination**. If they have qualified in a course on the basis of lesser number of assignments and Term-end Examination, they will **not be eligible to re-do the assignments** with a view to improve the overall qualifying score of that course. In case any student fails to submit the assignments or fails to score minimum qualifying marks, s/he has to wait for fresh assignments meant for the current batch of students.
6. For their own record, students should retain a copy of all the assignment responses, which they submit to the Study Center.
7. Once the students get the pass marks in an assignment, they can not re-submit it for improvement of marks. If the student secured requisite marks in Term-End Examination and Assignments, but did not get requisite overall percentage, then the student can either resubmit the assignment or reappear for the term-end examination for securing the requisite overall percentage.
8. Assignments are not subject to re-evaluation except for factual errors, if any. The discrepancy noticed by the students in the evaluated assignments should be brought to the notice of the Study centre/ Programme Co-ordinator.

Instructions for Doing Assignments

While answering Assignments, the following guidelines are required to be observed:

1. The student should write their Complete correct Enrolment Number, Name, Full Address, Signature and Date on the top right hand corner of the first page of the response sheet.
2. The students should write the Programme Title, Course Code and Course Title on the left hand corner of the first page of their response sheet. Course code may be reproduced from the assignment.

The top of the first page of your response sheet for each assignment should look like this:

PROGRAMME TITLE: ENROLMENT No.:
COURSE CODE: NAME :
COURSE TITLE:
ADDRESS:.....
SIGNATURE:
DATE:

3. The students should write the responses in their own hand. **They should not print or type the answers. They should not reproduce their answers from the units sent to them by the University. If they reproduce from units, they will get poor marks for the respective question.**
4. The students should write each assignment separately. All the assignments should not be written in continuity.
5. The students should write the question number with each answer.
6. The students should use only foolscap size paper for their response and tie all the pages carefully. Avoid using very thin paper. They should allow a 4 cm. margin on the left and at least 4 lines in between each answer. This may facilitate the evaluator to write useful comments on the margins at appropriate places.
7. The students should not copy from the response sheets of other students. If copying is noticed, the assignments of such students will be rejected, and disciplinary action can be taken against the students as per rules of the University.
8. Please remember that it is compulsory to submit your assignments before you can take the Term End Exams or else you will not be issued hall tickets. Also remember to keep a copy of your assignments with you and do take a receipt from your Study Center when you submit the assignments. In the event that you do not have a study center in your city/region, please forward it to the following address:

Programme Coordinator, PGDIS
School of Vocational Education and Training
SOVET, Block-15E, New Building
Indira Gandhi National Open University
Maidan Garhi New Delhi- 110068

Under no circumstances should they be sent to the (SED) for evaluation. After submitting the assignment at the Study Center in person, the students should get the acknowledgement from the Study Center on the prescribed assignment-cum-acknowledgement card (**Form No. 1**) otherwise, the assignment should be sent under certificate of posting through post.

(ADDRESS OF THE STUDENT)

.....

Course Code : **MSEI-021**
Course Title : **Introduction to Information security**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: Explain the concept of information technology and its application.
(5 Marks)

Question 2: What are the key steps that every company implementing an Information Security Management System should consider?
(10 Marks)

Question 3: Explain the modes of data transmission.
(5 Marks)

Course Code : **MSEI-022**
Course Title : **Network Security**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: Explain the concept of cryptography and its application in providing authentication of the digital information. Explain its stages in detail.

(10 Marks)

Question 2: Explain the following:-

- a) Handshake protocol
- b) Pretty Good Privacy
- c) Secure Shell
- d) Symmetric ciphers
- e) IPSEC

(10 Marks)

Course Code : **MSEI-023**
Course Title : **Cyber Security**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: Explain the role of Certificate Authority in transmitting digital information through the mechanism of cryptography.

(5 Marks)

Question 2: Explain the functions and type of firewalls.

(5 Marks)

Question 3: Describe the purpose of web architecture. Explain the responsibilities and working of internet architecture board in governing web architecture. Could you mention certain attempts made to extend web architecture?

(10 Marks)

Course Code : **MSE-024**
Course Title : **Policy, Standards and Laws**
Maximum Marks : **30**
Last date of Submission : **30th September, 2015**

There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: Explain the objectives of cryptography. What is the role of digital signatures in Information security? Also describe the authentication protocols in detail.

(10 Marks)

Question 2: Imagine you are working with Information security department of your company and you are required to provide suggestions to develop Information security policy for your company.

(10 Marks)

Question 3: Internet is serving as a breeding ground for cyber crimes. Do you agree? If you become the Cyber Cell Inspector, then how you will prevent such crimes? Write the challenges you may face and what changes you may bring to improve the system.

(10 Marks)

Course Code : **MSEI-025**
Course Title : **Application and Business Security Developments**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: What are the advantages of coding standards?

(10 Marks)

Question 2: Vulnerability Assessment is an integral part of any Information Security Risk Management program. Is this true? Please elaborate.

(10 Marks)

Course Code : **MSEI-026**
Course Title : **BCP, DR Planning and Audit**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are three questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: In the business world, risk analysis is one of the primary tools used in the process of risk management. Explain this statement in detail.

(5 Marks)

Question 2: Explain preliminary risk analysis (PHA), hazard and operability study (HAZOP), and failure mode and effects analysis (FMEA / FMECA).

(5 Marks)

Question 3: Explain the techniques of risk analysis.

(10 Marks)

Course Code : **MSEI-027**
Course Title : **Digital Forensics**
Maximum Marks : **20**
Last date of Submission : **30th September, 2015**

There are two questions in this assignment. Answer all the questions. You may use illustrations and diagrams to enhance your explanations.

Question 1: What are the methods to protect oneself from identity theft?
(10 Marks)

Question 2: The violation or misuse of security parameters can lead to the theft or misuse of organization information or property, or worse. How can you prevent from the violation of security parameters? Explain.
(10 Marks)
