

Dear Learner,

BPCC 101 is a 6 credits course (4 credits theory + 2 credits practical). You will have to do the Tutor Marked Assignments (TMA) for the 4 credits theory component of the Course BPCC 101. Please refer to the practical guidelines given in the course material of BPCC 101 for doing the 2 credits of practical component.

Assignment One has Descriptive Category Questions (DCQs). These are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe your understanding/knowledge about the topic in a systematic, to-the-point and in a coherent manner.

Assignment Two has Short Category Questions (SCQs). These questions are meant to improve your skill of recall in brief the relevant/precise information about persons, writing, events, or clear understanding of concepts and processes.

BPCC 102 is a 6 credits course (4 credits theory + 2 credits tutorial). Assignment for BPCC 102 has two parts, Part I & II.

Part A consists of Assignment one and Assignment two. Assignment One has Descriptive Category Questions (DCQs). These are meant for writing essay type answers, with an introduction and a conclusion. These are intended to test your ability to describe your understanding/knowledge about the topic in a systematic, and in a coherent manner.

Assignment Two has Short Category Questions (SCQs). These questions are meant to improve your skill of recall in brief the relevant and precise information about concepts and processes.

Part B has Tutorial component in which you need to complete activities as instructed.

Before you attempt the assignments, please read the instructions carefully provided in the Programme Guide. It is important that you write the answers to all the TMA questions in **your own words**. Your answers should be according to the word-limit set for a particular section. Remember, writing answers to assignment questions will improve your writing skill and sharpen your understanding of the concepts. It will also help you prepare for the term-end examination.

Submission

Session	Last Date of Submission*	To be Sent
For July 2020 & January 2021	30th April 2020 & 31st October, 2021	To The Coordinator of the Study Centre allotted to you/ Or through online mode (link is mentioned on www.ignou.ac.in / your Regional Centre website)

* You need to submit the assignments within the stipulated time for being eligible to appear in the term-end examination.

Please obtain a receipt from the study center for the assignments submitted and retain it. Also keep a photocopy of the assignments with you. The Study Centre will return the assignments to you after they are evaluated. The completed assignment should be sent only to the Coordinator of the Study Centre allotted to you.

Following instructions are to be carefully followed before writing the assignments:

1. You will find it useful to keep the following points in mind:
 - i. **Planning:** Read the assignments carefully. Go through the Units on which they are based. Make some points regarding each question and then re-arrange these in a logical order.
 - ii. **Organisation:** Read the study material carefully, analyze it, and then prepare a rough outline of your answer. Give adequate attention to your introduction and conclusion. Make sure that your answer:
 - a) is logical and coherent;
 - b) has clear connections between sentences and paragraphs;
 - c) is written correctly giving adequate consideration to your expression, style and presentation
 - iii. **Presentation:** Once you are satisfied with your answers, you can write down the final version for submission. Write each answer neatly with proper spacing, and underline the points you wish to emphasize. Make sure that the answer is around the suggested word limit.
2. Use A4 size ruled paper for your response and tie all the pages carefully. Allow a 4 cm margin on the left and leave some space between each answer. This will facilitate the academic counselor to write useful comments in the margin at appropriate places.
3. **Answers should be in your own handwriting.** Do not print or type the answers. Do not copy your answers from the study material sent to you by the University or from other learners. If you copy, you will get zero marks for the respective question.
4. You need to attach a copy of the TMA with the completed assignment before submitting it.
5. In case you have requested for a change of Study Centre, you should submit your Tutor Marked Assignments only to the original Study Centre until the change of Study Centre is notified by the University.
6. If you find that there is any factual error in evaluation of your assignments, e.g., any portion of assignment response has not been evaluated or total of score recorded on assignment response is incorrect, you should approach the coordinator of your study center for correction and transmission of correct score to headquarters.

Wish you all the best!

SOSS, IGNOU, New Delhi

INTRODUCTION TO PSYCHOLOGY (BPCC 101)
Tutor Marked Assignments (TMA)

Course Code: BPCC 101
Assignment Code: Asst /TMA /2020-21

BIOPSYCHOLOGY (BPCC 102)
Tutor Marked Assignments (TMA)

Course Code: BPCC 102
Assignment Code: Asst /TMA / 2020- 2021
Total Marks: 100

NOTE: All questions are compulsory.

PART A
Assignment One

2 x 20 = 40

Answer the following questions in about 500 words each. Each question carries 20 marks.

1. Describe the structure of a neuron. Explain the process of neural conduction.
2. Explain the main parts and functions of the brain. Illustrate it with the help of a diagram.

Assignment Two

6 x 5 = 30

Write a short note on the following in about 100 words each. Each note carries 5 marks.

3. Ablation Method
4. Neuroplasticity
5. Synaptic Transmission
6. Function of Pituitary Gland
7. Sodium Amytal Test
8. Cognitive Neuroscience

PART B
Tutorial

2 x 15 = 30

Note: You need to complete the activities as instructed. Each activity is of 15 marks.

1. Are there gender differences in male and female brains? Read any two articles that support and refute the argument. Develop an understanding of what is being said by the researchers, explain it in your own words, and add your own views on it.
Note: The article maybe from a book or Journal referred online or from a library. The details of the articles should be mentioned in your write-up.
2. You read about the Case of H.M whose hippocampus and amygdala were removed and this was followed by memory deficits. Have you come across such a character in a book, TV programme or a movie? Reflect on the similarities or differences between the character and H.M.
