1. Read the passage given below and answer the questions that follow :

Many patients find avoiding triggers in the easiest way of managing their migraines.

During an attack most people find lying and a

dark, quiet room helpful. For others a cool, relaxing shower works better. Sometimes, placing an ice-pack on the nape of the neck eases the pain. Usually what works is taking all the above-mentioned steps at the same time.

It is due important to realize when you need to seek help immediately. Symptoms including paralysis weakness on one side of the body or slurred or confused sleep are indications of a stroke. In these situations it is best to rush to a doctor :
